

DEUS EX MASCHINE

FRENCH TOUCH, PRESENT TENSE.

THE RECORD COMES FIRST.

Deus Ex Maschine is a French Touch producer making melodic, club-built music from the machines, deep cuts and encounters behind the sound. Original releases, official remixes and club tools are the work. French Touch Conversations - with Fred Falke, The Supermen Lovers, Mercer, Lifelike, Provi, Demon and Fab G - reveals the people, decisions and references that feed it.
